# Blueprint® 20 AN with Fibrozyme®

Product #67422

## Feeding Applications

For beef cattle on pasture

## Product Features

Blueprint 20 AN with [Fibrozyme](#) contains 20% crude protein from all vegetable based ingredients.

- Intended to provide supplemental protein, vitamins and minerals to beef cattle consuming moderate-quality (7–11% crude protein) forages
- Protein sourced entirely from vegetable-based ingredients
- Uniquely fortified with all highly bioavailable trace minerals, and contains no inorganic trace mineral forms
- Contains the recommended amount of Fibrozyme to help maximize feed efficiency in high-fiber diets, encouraging intake to support productivity

*Blueprint® and Fibrozyme® are registered trademarks of [Alltech](#)*

## Ingredients

Molasses products, plant protein products, monocalcium phosphate, dicalcium phosphate, vegetable oil, processed grain by-products, magnesium oxide, calcium carbonate, dried trichoderma longibrachiatum fermentation extract, zinc proteinate, roughage products, manganese proteinate, copper proteinate, selenium yeast, yucca schidigera plant extract, ethylenediamine dihydroiodide, cobalt proteinate, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, mineral oil.

Nutrition Information

Crude Protein (min)	20%
Crude Fat (min)	4%
Crude Fiber (max)	3%
Calcium	1% - 1.5%
Phosphorus (min)	1%
Magnesium (min)	1%
Potassium (min)	2%
Vitamin A (min)	80000 IU/lb
Vitamin D3 (min)	8000 IU/lb
Vitamin E (min)	100 IU/lb
Cobalt (min)	24 ppm
Copper (min)	225 ppm
Iodine (min)	30 ppm
Manganese (min)	315 ppm
Selenium (min)	8.8 ppm
Zinc (min)	660 ppm

## Usage Guidelines

**Placement:** Place containers in areas that achieve desired supplement intake.

**Relocation:** Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization.

**Accessibility:** A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility.

**Quantity:** Feed at the rate of one container for every 20-30 head. Cattle typically consume between 0.4 and 0.75 pounds per head per day.

**Monitoring:** Self-fed consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds.

## Additional Feeding Information

CRYSTALYX Blueprint 20 AN with Fibrozyme supplement is designed for self-feeding to grazing beef cattle.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX BLUEPRINT 20 AN WITH FIBROZYME SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE CHOICE.

CAUTION: USE ONLY AS DIRECTED. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NOTE: CRYSTALYX Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
