Blueprint® 20 AN AB CNDN

Product #66285

Feeding Applications

Free choice supplement block for all classes of beef cattle.

Product Features

Blueprint 20 AN AB contains 20% crude protein from all vegetable based ingredients.

- Designed to be fed to beef cattle on good to medium quality forages to help improve forage utilization.
- Blueprint 20 AN is uniquely fortified with all highly bioavailable organic trace minerals and contains no inorganic trace mineral forms.
- [The Blueprint product line](#) is intended to provide optimal trace mineral nutrition to meet today's advanced animal genetic demands while protecting the environment from unnecessary over supply of less available forms.
- Contains All Brew to support overall performance. All Brew is designed to feed the gastrointestinal tract, thereby maximizing performance and profitability.
 - Benefits of All Brew:
 - Promotes performance at all stages
 - Supports colostrum quality and newborn calf performance
 - Contributes to gastrointestinal integrity and stability to aid in nutrient utilization
 - Supports average daily gain
 - Reinforces the health status of receiving cattle in the feedlot
 - Supports economic returns

Crude Fat (actual)	4%
Crude Fiber (actual)	3%
Calcium	1% - —
Phosphorus (actual)	1%
Sodium (actual)	1.3%
Magnesium (actual)	1%
Vitamin A (actual)	176300 IU/kg
Vitamin D3 (actual)	17630 IU/kg
Vitamin E (actual)	220 IU/kg
Cobalt (actual)	24 mg/kg
Copper (actual)	225 mg/kg
Iodine (actual)	30 mg/kg
Manganese (actual)	315 mg/kg
Selenium (actual)	6 mg/kg
Zinc (actual)	660 mg/kg
Fluorine (actual)	100 mg/kg

Usage Guidelines

Placement: Place containers in areas that achieve desired supplement intake. Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization.

Relocation: Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization.

Accessibility: A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility.

Quantity: Feed at the rate of one container for every 20-30 head. Cattle typically consume between 180 and 340 grams per head daily.

Monitoring: Free-choice consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds.

Additional Feeding Information

CRYSTALYX Blueprint 20 AN AB supplement is designed for self-feeding to all classes of beef cattle.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX BLUEPRINT 20 AN AB SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT CHOICE.
