Breed-Up® 20 with Bio-Mos® 2

Product #undefined

Feeding Applications

For beef cattle on pasture

Product Features

CRYSTALYX Breed-Up® 20 with Bio-Mos 2 is a unique, balanced supplement consisting of a nutrient-dense blend of molasses solids, protein, hydrolyzed vegetable oil, vitamins, minerals and trace minerals.

- Formulated to provide supplemental protein, vitamins and minerals to beef cattle consuming moderate-quality (7–11% crude protein) forages
- A nutrient-dense supplement with added protein, macro minerals along with trace minerals and vitamins meeting or exceeding NRC requirements for beef cattle
- Includes Bioplex® organic trace minerals, which are formulated to be more readily absorbed and bioavailable to the animal
- Contains Bio-Mos 2 at the recommended rate of inclusion, optimizing the health and development of the animal's gut and improving overall animal performance

Benefits of Bio-Mos 2:

- Promotes performance at all stages
- Supports colostrum quality and newborn calf performance
- Contributes to gastrointestinal integrity and stability to aid in nutrient utilization
- Supports average daily gain
- Reinforces the health status of receiving cattle in the feedlot
- Supports economic returns

Ingredients

Molasses Products, Processed Grain By-Products, Calcium Phosphate, Urea, Vegetable Oil, Calcium Carbonate, Magnesium Oxide, Plant Protein Products, Hydrolyzed Yeast, Manganese Sulfate, Roughage Products, Zinc Proteinate, Selenium Yeast, Manganese Proteinate, Zinc Sulfate, Copper Sulfate, Manganous Oxide, Copper Proteinate, Cobalt Proteinate, Zinc Oxide, Vitamin E Supplement, Vitamin A Supplement, Ethylenediamine Dihydroiodide, Mineral Oil, Vitamin D3 Supplement, Cobalt Carbonate, Calcium Iodate.

| | |
|---------------------|--------------|
| Crude Protein (min) | 20% |
| Crude Fat (min) | 4% |
| Crude Fiber (max) | 3% |
| Calcium | 1% - 1.5% |
| Phosphorus (min) | 1% |
| Salt (min) | None Added |
| Magnesium (min) | 1% |
| Potassium (min) | 2% |
| Vitamin A (min) | 100000 IU/lb |
| Vitamin D3 (min) | 10000 IU/lb |
| Vitamin E (min) | 100 IU/lb |
| Cobalt (min) | 13 ppm |
| Copper (min) | 400 ppm |
| Iodine (min) | 30 ppm |
| Manganese (min) | 1350 ppm |
| Selenium (min) | 6 ppm |
| Zinc (min) | 1200 ppm |

Usage Guidelines

Placement: Place containers in areas that achieve desired supplement intake.

Relocation: Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization.

Accessibility: Feed at the rate of one container for every 20-30 head. A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility.

Quantity: Cattle typically consume between 0.5 and 1.1 pounds per head per day.

Monitoring: Self-fed consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds.

Additional Feeding Information

CRYSTALYX BGF-20 with BIO-MOS 2 supplement is designed for self-feeding to grazing beef cattle.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX BGF-20 WITH BIO-MOS 2 SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE CHOICE.

CAUTION: USE ONLY AS DIRECTED. FOR RUMINANTS ONLY. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NOTE: CRYSTALYX Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
