Breed-Up® 30 with Integral® A+

Product #67949

Feeding Applications

For beef cattle on pasture

Product Features

Breed-Up® 30 with [Integral A+](#) is a complete, self-fed supplement specially formulated for cattle consuming fresh or stored moderate to low quality forages. Breed-Up® 30 with [Integral A+](#) benefits and features:

- Featuring a combination of both rumen-degradable protein and rumen-bypass protein, this nutrient-dense, self-fed supplement provides protein, minerals and vitamins that are ideal for cattle on low- to moderate-quality forages
- Contains Bioplex® organic trace minerals, which are formulated to be more readily absorbed and bioavailable to the animal
- Contains the recommended rate of inclusion of Integral A⁺, which features adsorptive properties and provides nutritious proteins through a combination of yeast and algae, thereby helping animals build immunity and reducing the damaging effects of challenged feedstuffs

Ingredients

Molasses products, hydrolyzed feather meal, monocalcium phosphate, dicalcium phosphate, processed grain by-products, urea, hydrolyzed vegetable oil, calcium carbonate, magnesium oxide, hydrolyzed yeast, plant protein products, hydrated sodium calcium aluminosilicate, roughage products, manganous oxide, manganese sulfate, zinc oxide, zinc sulfate, copper sulfate, selenium yeast, ethylenediamine dihydroiodide, calcium iodate, cobalt carbonate, vitamin A supplement, vitamin D3 supplement, vitamin E supplement and mineral oil.

Nutrition Information

Crude Protein (min)	30%
Crude Fat (min)	4%
Crude Fiber (max)	3%
Calcium	2% - 2.5%
Phosphorus (min)	2%
Magnesium (min)	1%
Potassium (min)	2%
Vitamin A (min)	100000 IU/lb
Vitamin D3 (min)	10000 IU/lb
Vitamin E (min)	100 IU/lb
Cobalt (min)	13 ppm
Copper (min)	400 ppm
Iodine (min)	30 ppm
Manganese (min)	1350 ppm
Selenium (min)	6 ppm
Zinc (min)	1200 ppm

Usage Guidelines

Placement: Place containers in areas that achieve desired supplement intake.

Relocation: Move containers to underutilized pasture areas once acceptable intake levels are achieved.

Accessibility: A minimum of two containers may be necessary in each lot or pasture for proper accessibility.

Quantity: Feed at the rate of one container for every 20-30 head. Cattle consume between 0.5 and 1.1 pounds per head per day.

Monitoring: Consumption depends on animal size, weather conditions, and quality of other feeds.

Additional Feeding Information

CRYSTALYX BGF-30 with Integral A+ supplement is designed for self-feeding to grazing beef cattle.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX BGF-30 WITH INTEGRAL A+ SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE CHOICE.

CAUTION: USE ONLY AS DIRECTED. FOR RUMINANTS ONLY. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NOTE: CRYSTALYX Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
