# HE-25% AN™ ClariFly®

Product #82717

Prevents the emergence of house flies, horn flies, face flies and stable flies from manure of treated cattle.

## Feeding Applications

For self-feeding to grazing beef cattle.

## Ingredients

Molasses Products, Hydrolyzed Feather Meal, Monocalcium Phosphate, Dicalcium Phosphate, Processed Grain By-Products, Magnesium Oxide, Vegetable Oil, Calcium Carbonate, Roughage Products, Manganese Sulfate, Selenium Yeast, Zinc Sulfate, Copper Sulfate, Manganous Oxide, Plant Protein Products, Zinc Oxide, Vitamin E Supplement, Vitamin A Supplement, Vitamin D3 Supplement, Mineral Oil, Ethylenediamine Dihydroiodide, Cobalt Carbonate, Calcium Iodate

## Nutrition Information

Crude Protein (min)	25%
Crude Fat (min)	3%
Crude Fiber (max)	3%
Calcium	2% - 2.5%
Phosphorus (min)	1.8%
Salt (min)	None Added
Magnesium (min)	1%
Potassium (min)	2%
Vitamin A (min)	70000 IU/lb
Vitamin D3 (min)	7000 IU/lb
Vitamin E (min)	80 IU/lb
Cobalt (min)	2.5 ppm
Copper (min)	250 ppm
Iodine (min)	12.5 ppm
Manganese (min)	1000 ppm
Selenium (min)	6 ppm
Zinc (min)	750 ppm

## Usage Guidelines

**Placement:** Locate this product where cattle congregate (watering, loafing, shade areas).

**Quantity:** Offer cattle 1 block for every 15 to 25 head.

**Monitoring:** Cattle should consume an average of 0.8 oz of this product per 100 lbs of animal body weight per day, which is equivalent to 8 oz. per day for a 1,000-lb cow. If intake is below 0.8 oz. per 100 lbs body weight per day, increase the number of feeding locations and/or change locations to areas more frequented by cattle. If intake is above 0.8 oz. per 100 lbs body weight per day, reduce the number of feeding locations and/or change locations to areas less frequented by cattle.

## Additional Feeding Information

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX® HE-25% AN™ SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE CHOICE.

**WARNING:** This product contains added copper. Do not feed to sheep and other species that have a low tolerance to supplemental copper. **WARNING:** Do not use in association with feeds containing supplemental selenium. **NOTES:**

- CRYSTALYX® Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet.
- When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX® Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
- When used as directed, HE-25% AN™ ClariFly® will provide sufficient ClariFly® to inhibit fly emergence from the manure of treated cattle. This product prevents the emergence of house flies, horn flies, stable flies and face flies from the manure of treated cattle. Existing adult flies will not be affected.
- Start feeding this product early in the spring before flies begin to appear and continue feeding throughout the summer and into the fall until cold weather restricts fly activity.
- Ensure cattle are not starved for nutrients prior to feeding this block.
- Remove all other self limiting nutritional supplements.
- Replenish this product on a regular basis as needed.
- Introduction of this product after adult fly infestation is established may require treatment of cattle with supplemental sprays to reduce the adult fly population coming from outside sources.
