# Stable-lyx® with GAR

Product #74439

## Feeding Applications

CRYSTALYX STABLE-LYX GAR supplement is designed for self-feeding to all classes of equines.

## Product Features

CRYSTALYX® Stable-lyx® with GAR is a unique, palatable, nutrient dense supplement designed for consistent self-fed consumption by all classes of equine.

- Specifically formulated for horses, this palatable, nutrient-dense supplement is designed for the daily intake of plant-based sources of protein, as well as minerals and vitamins, all in one convenient product
- A combination of supplement hardness and added salt helps control daily intake levels
- Contains Bioplex® organic trace minerals, which are formulated to be more readily absorbed and bioavailable to the animal
- Features Yea-Sacc® yeast culture, which enhances fiber-digesting bacteria, supporting the fermentation of feeds and forages in the cecum
- Added biotin improves hoof health and durability
- The consistent intake and palatability of Crystalyx® makes it an excellent vehicle for delivering garlic to your horses to help repel flies

## Ingredients

Nutrition Information

Crude Protein (min)	12%
Crude Fat (min)	5%
Crude Fiber (max)	3%
Calcium	1.5% - 2%
Phosphorus (min)	1%
Salt (min)	12%
Magnesium (min)	1%
Potassium (min)	2%
Vitamin A (min)	30000 IU/lb
Vitamin D3 (min)	5000 IU/lb
Vitamin E (min)	250 IU/lb
Cobalt (min)	8.8 ppm
Copper (min)	250 ppm
Iodine (min)	8.8 ppm
Manganese (min)	880 ppm
Selenium (min)	0.7 ppm
Zinc (min)	1320 ppm
Biotin	10 mg/lb
Thiamine	30 mg/lb

## Usage Guidelines

**Placement:** Place containers in areas that achieve desired supplement intake.

**Relocation:** Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization.

**Accessibility:** A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility.

**Quantity:** Feed at the rate of one container for every 3-20 head. Equines typically consume between 0.25 and 3.0 pounds per head per day.

**Monitoring:** Self-fed consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds.

## Additional Feeding Information

CRYSTALYX® STABLE-LYX® GAR supplement is designed for self-feeding to all classes of equines.

Place containers in areas that achieve desired supplement intake. Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization. Feed at the rate of one container for every 3-20 head. A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility. Self-fed consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds. Equines typically consume between 0.25 and 3.0 pounds per head per day.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES.

**CAUTION: USE ONLY AS DIRECTED.** Consumption of selenium should not exceed 3 mg per head daily. Equines must be managed so that consumption does not exceed three (3) pounds per head per day.

**WARNING:** This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

**NOTE:** CRYSTALYX® Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX® Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
